Makhanlal Chaturvedi University of Journalism and  
Communication Bhopal M.P  
May 2021
- **12<sup>th</sup>** | CBSE | Jawahar Navodaya Vidyalaya Amarkantak

## PROJECTS

### 1. DYNAMIC SEARCH

**URL** (<https://github.com/salil-saurav/LiveSearch.git>)

- ✓ Designed and developed a dynamic search-enabled website using HTML, CSS, and Vanilla JavaScript.
- ✓ Implemented real-time search functionality that filters and displays results as users type in the search box, enhancing user experience and efficiency.
- ✓ Employed Vanilla JavaScript to handle search queries, perform dynamic filtering of data, and update the user interface in real-time without the need for external libraries or frameworks.

## 2. PERFECT DRY

URL (<https://github.com/salil-saurav/PeffectDry-main.git>)

- ✓ Designed and developed a dynamic web application using TypeScript, React, and Material-UI (MUI) components.
- ✓ Leveraged TypeScript to enhance code quality and maintainability by providing strong typing and improved error detection throughout the development process.
- ✓ Integrated Material-UI (MUI) components and design principles to create a modern and visually appealing UI that adheres to best practices in user interface design.

## 3. CAMPSITE

URL (<https://github.com/salil-saurav/CampSite.git>)

- ✓ Developed a responsive web application using HTML5, CSS3, EJS and JavaScript.
- ✓ Integrated APIs using Express JS and Node JS to handle backend functionalities.
- ✓ Stored user data in MongoDB and performed CRUD operations using Mongoose.
- ✓ Worked with various node packages using Node JS and NPM to handle backend and frontend functionalities.
